- TO: Apache Junction Fire District Governing Board
- FROM: Paul Bourgeois, Fire Chief
- DATE: October 25, 2012
- SUBJECT: Fiscal Year 2012/2013 Amended Budget Memorandum

On behalf of the Senior Leadership Team, I am very proud to present the fiscal year 2012/2013 amended budget memorandum to the elected Governing Board of the Apache Junction Fire District and to the valued members of our community. This memo and the corresponding amended budget culminate several months of hard work by District Staff and the Governing Board. The principal goals of this budget planning process were the creation of a fiscally responsible budget that is comprehensively **Responsive, Innovative** and **Professional.**

Despite declining property valuations, this budget will enable the Fire District to remain *Responsive* to the changing needs and expectations of the community; to pursue *Innovations* intended to enhance safety and quality of life in our community; and to provide the most *Professional* fire, emergency medical, and community life-safety services possible.

The fiscal year 2012/13 revenue and expenditure amended budget was developed in consideration of our past history of successful programs, the Commission on Fire Accreditation International recommendations, and elements of the Apache Junction Fire District's Strategic Plan. This budgeting process was a collective effort between Senior Leadership, the elected governing board, Apache Junction Chapter of IAFF Local 2260, civilian support staff and the community.

Throughout the year in open public meetings, the Governing Board and Senior Leadership collaborate on strategies for addressing the future needs of the District. These strategies include, the constant review of front-line and reserve apparatus readiness and equipment replacement schedules, the District's emergency deployment plan, and the goals established as part of Accreditation and strategic planning processes.

Both the Governing Board and Senior Leadership are committed to providing the highest quality emergency and community services possible. We do this by adhering to local and national standards for emergency response and deployment, ensuring adequate human resource staffing, and by providing for the overall health and safety of our firefighters.

Revenue Overview

Both the downturn in the economy and the decrease in the housing market continue to shrink the District's budget. For instance, the Fire District's net assessed value (NAV) for FY 2012/13 is projected to be \$357,812,368. This is a 5.38% decrease from the previous year and marks the fourth straight year of decline. Over the past four budget cycles the District's NAV has decreased more than 38.86%! This decline is expected to continue as preliminary reports suggest another 3% decrease in 2013. More reliable data on the centrally assessed and personal property values from the Pinal County Assessor's office should be available next spring.

Although there has been no significant rebound in the local economy, there is at least some good news being reported on the local housing market. For example in March 2012, the average sale price of a single-family home in Apache Junction increased 10.23% to \$109,189. While this is hardly a trend we can hang our hat on, it may at least be some indication of a stabilizing market. As you well know, even if home values did stabilize or even improve in 2012, those valuations wouldn't be billed until the 2013 tax year and the proceeds from those levies wouldn't be collected for yet another year after that (in this case 2014). Therefore, any improvement in the local housing market wouldn't actually hit the books for a few more years. For that reason, at least for the foreseeable future, a decrease in the NAV is still a reasonable assumption.

The decrease in NAV of all classifications of properties, coupled with minimal growth in new development and construction will certainly challenge the Fire District. The development of Portalis (formerly referred to as Lost Dutchman Heights) is still in the early planning stages and is expected at some point to provide additional revenue to the District. But again, additional revenue wouldn't be seen until well after structures are in place. It's important to note however that this potential growth would place immediate demands on emergency fire and medical services long before revenue is received in the District.

This year the District decreased Operating Expenditures excluding Wage and Benefit Expenditures by \$67,930.33. Additionally, the District increased their Financial Reserves to 20.4% of tax revenue (nearly two months of operating expenditures) to cover the gap in tax revenue receipts. The District used capital reserves to adequately fund this Reserve increase. Please refer to the District's Fund Balance Policy 129.01 for minimum fund balance recommendations for the General Fund.

The following table illustrates the declining NAV of a residence valued at \$200,000 in 2007, the corresponding tax rate and the estimated cost to a property owner since that time.

Table 1-1

| Expe | Expected Cost of a "Sample Residence" with Declining Value | | | | | | | | | |
|-------------|--|------------------------|--|--|--|--|--|--|--|--|
| Fiscal Year | Declining Net Assessed Value (NAV) | Tax Rate/ Per \$100 | Actual Annual Cost to Property Owner | | | | | | | |
| 2007/08 | \$ 200,000 | \$2.285 | \$ 457 | | | | | | | |
| 2008/09 | \$ 272,802 | \$2.00 | \$ 546 | | | | | | | |
| 2009/10 | \$ 262,828 | \$2.00 | \$ 526 | | | | | | | |
| 2010/11 | \$ 211,845 | \$2.35 | \$ 498 | | | | | | | |
| 2011/12 | \$ 147,969 | \$2.56 | \$ 379 | | | | | | | |
| 2012/13 | \$ 141,536 | \$2.77 | \$ 392 | | | | | | | |

As Table 1-1 depicts, overall taxes paid by a property owner in the District declined significantly from 2008 to 2011, however this year's Tax Levy increase of 2.39% is only creating a small increase in the "out of pocket" costs to most home owners.

The following table displays a nine-year tax revenue history including the four-year decline in the District's NAV. It also illustrates a "forecast" of FY 2013/14 tax revenue if the NAV dropped another 3% and the District stabilized the budget by designating \$2.86 per hundred of the secondary value as the FY 2013/14 tax rate.

| 2013/ 2014 | \$347,077,997 | (-3.00%) | 2.86 | \$9,926,431 | \$ 15,028 |

Table 1-2

Table 1-2 also shows the District is anticipating FY 2012/13 tax revenue of approximately \$9,911,403 generated at the tax levy rate of \$2.77 (\$2.55 per hundred dollars of secondary assessed value and \$.22 in required bond repayment).

As Table 1-3 illustrates, the 2012/13 net assessed valuation worsened once again. This is the fourth straight year of decline in the NAV. As you know, the Fire District relies very heavily on the NAV to fund emergency medical, fire and social services for the community,

Apache Junction Fire District 565 North Idaho Road, Apache Junction, AZ 85119 Phone (480) 982-4440, Fax (480) 982-0183 www.ajfire.org

therefore a small tax rate adjustment had to be made to help stabilize declining revenues. Although General Fund tax revenue for FY 2012/13 increased \$236,025, the District is still underfunded as this is only a fraction of the increase in operating costs incurred as a result of opening Fire Station 265.

General Fund Expenditure Overview (100 Fund)

The expenditure side of the FY 2012/13 amended budget, most often referred to as the General Fund or the "Maintenance and Operating" (M&O) budget was developed after reviewing the Fire District's strategic and operational plans. The expenditure budget provides support for District operations and is expected to help maintain the community's fire, rescue, prevention, and emergency medical response capabilities. The Fire District's general fund M&O budget is \$14,071,439.71 for FY 2012/13. This results in a balanced amended budget of general fund revenues and expenditures as required by law.

The majority of the District's unassigned General M&O funds are allocated to support the labor costs associated with emergency service delivery to the community. As you know, the provision of high-quality emergency medical, fire, and technical rescue services is extremely labor-intensive. The Fire District's operational effectiveness is dependent upon an adequately staffed, well trained, and mission-ready workforce. Human resource expenditures, expressed as "compensation and benefits" in the 2012/13 general fund totals \$10,379,518.68 (73.8%) and account for a majority of the Fire District's overall annual reoccurring operating expenditures. It is no surprise that personnel costs (wages and benefits) are the leading expense for the District – as is the case for most government and private sector agencies.

Eleven new firefighters began with the District in March 2012 in conjunction with the opening of Fire Station 265 in June 2012. The fiscal year 2012/13 amended budget authorizes a total of 94 full-time employees.

The Fire District has budgeted \$1,922,308.70 as "financial reserves" due to cash-flow shortfalls resulting from bi-annual tax revenue receipts. It has been recommended by accounting professionals auditing the District's financial status that the District allocate 15 - 25% of the budget in financial reserves. If revenues come in as expected, the financial

reserves are simply moved forward into the next fiscal year budget and adjusted as necessary. The FY 2012/2013 amended budget reflects 14.2% of the general fund budget is represented in Financial Services. The Board approved additional funds from capital reserve accounts in the amount of \$1,105,141.96 to fund operating expenses. Amended budget created an increase of \$290,700.

Capital Projects Fund Overview (200 Fund)

The Capital Projects Fund identifies items scheduled for purchase with a value of \$5,000 or more. These are generally new or replacement items of significant value. A total of \$1,602,500 is allocated for capital projects during FY 2012/13. Amended budget created a decrease of \$290,700. Some of these capital projects include:

- Purchase of fire apparatus 85' Platform Ladder and Type 3 Contender (\$1,500,000) Amended budget \$1,150,000 – a decrease of \$350,000
- Purchase of various communications equipment (\$183,000) Amended Budget \$152,000 – a decrease of \$31,000
- Purchase of Equipment and Software Records Management, Electronic Patient Care Reporting, including operational platform, CAD interface, Telestaff and CYMA (\$164,200)
 – Amended budget \$261,000 – an increase of \$96,800
- Purchase of copier for Administration Office (\$15,000) Amended Budget \$8,500 a decrease of \$6,500

The District adopted a Fund Balance Policy that creates new classifications for fund balance based on a hierarchy of constraints placed on the use of financial resources. The new GASB fund classifications designate the level of authority and process necessary to use the funds. The name of the classifications from most restrictive to least restrictive are: non-spendable, restricted, committed, assigned, and unassigned.

A challenge fire agencies face nationwide is determining funding methods for major capital purchases. The Governing Board's previous action to fund capital reserve accounts has proven to be a wise decision. This decision has effectively allowed the District to purchase large ticket items such as fire apparatus and innovative technologies with no adverse impact to the tax payers or the fiscal year amended budget. It has also enabled us to save for a "rainy day" and smooth over what would otherwise be turbulent financial times. Moreover, these funds have prevented the need for the District to incur debt in the form of principal and interest from general obligation bonds.

Bond Fund Overview (300 Fund)

The Fire District issued \$9.5 million dollars in debt in FY 2006/07 in the form of general obligation bonds. The issuance of this bond debt was voter approved in September 2006. The \$9.5 million in bonds is used to fund capital improvements including:

- Refinancing \$3.8M in short-term debt (**completed 2006/07**)
- Additional traffic preemption to supplement a federal grant (completed 2007/08)
- Four new fire apparatus (completed FY 2007/08)
- Increase service capacity at Fire Station 263 (completed 2007/08)
- Construction of Fire Station 265 in Gold Canyon (completion June 2012)
- Construction of a fire training facility (**planning phase**)

There is \$987,385.58 of bond proceeds remaining at the start of FY 2012/13 for the Fire Training Campus. It is unknown when the training facility will be completed but staff has been looking at various locations across the District.

Special Revenue and Donation Fund Overview (400 Fund)

The Special Revenue and Donation Fund is what its name implies – a fund designating a variety of special revenues that can be used for purchases during the current fiscal year. The accounts in this fund come from donations, grants, and scholarships. This fund has most recently been used to purchase AED's for placement in various locations around the community.

Debt Service Principal (500 Fund) and Debt Service Interest (600 Fund)

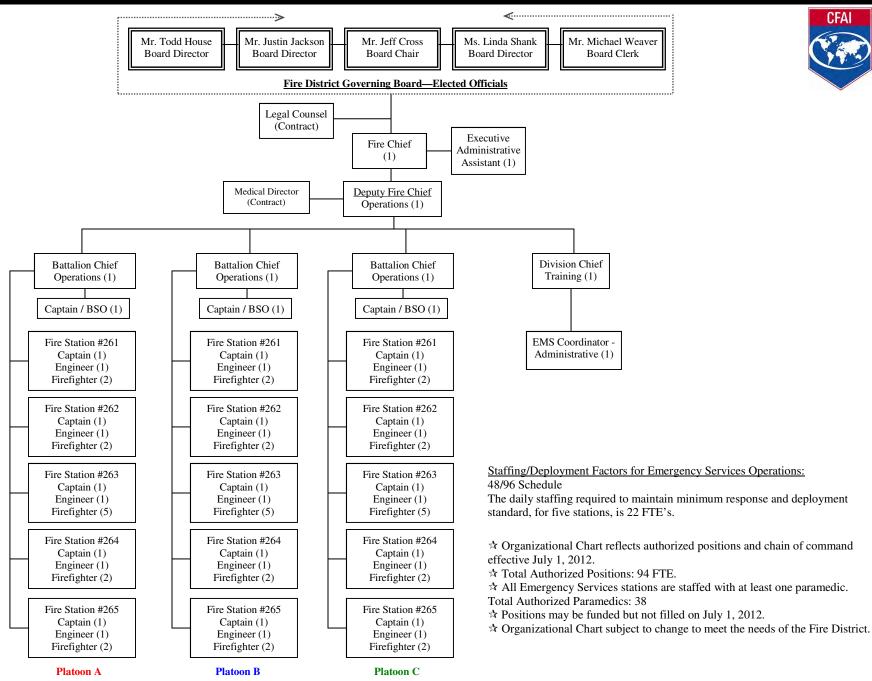

These two separate funds are where the District designates money to pay the principal and interest on the \$9.5M general obligation bond purchased in 2006. The Fire District has budgeted \$759,811 to be paid toward the principal and \$635,583 to be paid in interest payments on the bond loan during FY 2012/13. This accrues appropriate amounts for the July 1, 2012 and July 1, 2013 debt service payments.

Summary

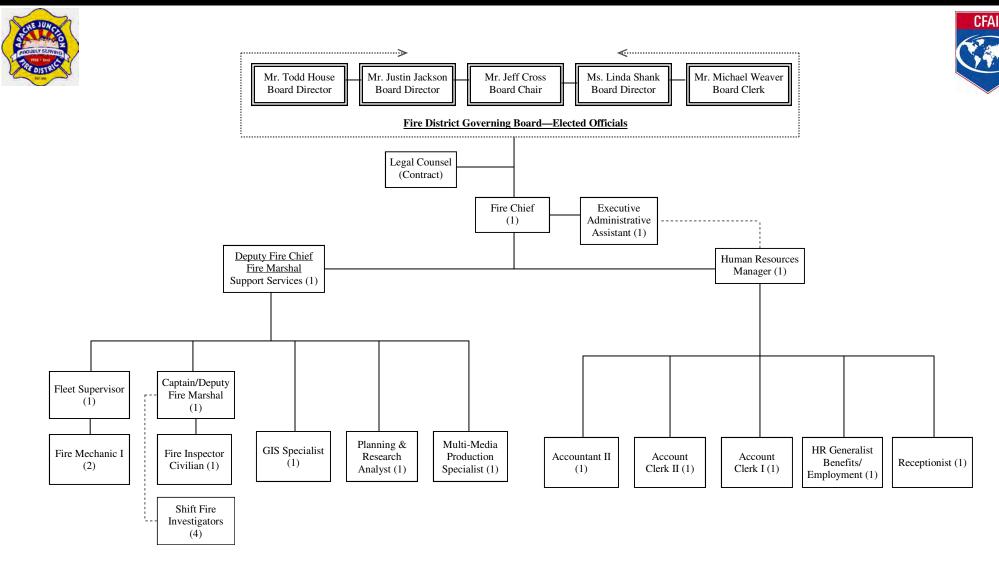

The Apache Junction Fire District is committed to providing the highest-quality fire and emergency medical services to our community. The FY 2012/13 revenue and expenditure amended budget is a responsible financial plan intended to help support this mission.
