TO: Superstition Fire & Medical District Governing Board

FROM: Paul Bourgeois, Fire Chief

DATE: July 01, 2014

SUBJECT: Fiscal Year 2014/2015 Budget Message and Transmittal Memorandum

On behalf of the Senior Leadership Team, I am very proud to present the fiscal year 2014/2015 budget message and transmittal memorandum to the elected Governing Board of the Superstition Fire & Medical District (District) and to the valued members of our community. This memo and the corresponding budget culminate several months of hard work by District Staff and the Governing Board.

Both the Governing Board and Senior Leadership are committed to providing the highest quality emergency and community services possible. We do this by adhering to local and national standards for emergency response and deployment, ensuring adequate human resource staffing, and by providing for the overall health and safety of our firefighters.

The fiscal year 2014/15 budgeting process was a collective effort between Senior Leadership, the elected Governing Board, Apache Junction Chapter of International Association of Fire Fighters (IAFF) Local 2260, civilian support staff, and the community. The budget incorporates elements of the District's 5-year Strategic Plan, the Commission on Fire Accreditation International recommendations, and current successful programs.

The principal goal of this budget planning process was the creation of a fiscally responsible budget that is comprehensively ***Responsive, Innovative and Professional***. Regardless of the economic environment, it is imperative that the Fire District remain *Responsive* to the changing needs and expectations of the community; remain *Innovative* by investing in new technology, professional development and capital items intended to enhance safety and quality of life in our community; and provide the most *Professional* fire, emergency medical, and community life safety services possible. This budget will enable the Fire District to do so through a data-driven, transparent, and fiscally balanced approach.

Significant effort was invested in developing a fiscally responsible budget that allows the District to position itself more in line with its peer fire organizations. An extensive market analysis was performed evaluating compensation for the public safety personnel, and the benefits for all personnel to determine how the District compared to its peer fire organizations. Where gaps were identified, compensation and benefit budget initiatives were designed that addressed the gaps to the extent possible within existing revenue boundaries.

As a result of the market analysis, gaps were identified in the following areas that were addressed within the FY2014/15 budget:

1. Public Safety Compensation.

Significant gaps were noted in compensation at virtually all levels of our public safety organization, with the largest gaps being at the higher ranks of Engineer, Captain, Battalion Chief, and Assistant Chief. The adjustments included in the FY2014/15 budget are the first since 2008.

2. Paramedic Incentive.

The annual incentive paid to our paramedics had not been adjusted since 2002, and lags far behind peer fire organizations. A two-year adjustment is planned to bring this incentive closer to parity.

3. Accruals and Payout Factors.

A realignment of the vacation and sick leave accruals for all District employees is included in the budget. The effects of these changes are far reaching, and provide multi-year benefits by providing a means to better manage future payouts and lowering the cost to the District when employees end their employment.

4. Holiday Pay.

To fully realign (reduce) the vacation accruals for its public safety personnel, the District re-established the practice of paying overtime to those working on holidays.

While we did not reach complete equality with our market on all aspects, great progress will be accomplished in the budget for fiscal year 2014/15 in realigning the District with its peer fire organizations.

Revenue Overview

Property values have started to stabilize after a prolonged period of decreases in property values caused by the downturn in the economy. The Fire District's net assessed value (NAV) for FY 2014/15 is projected to be \$340,933,417, which is a 1.35% increase from the previous fiscal year. Compared to the previous five budget cycles when the District's NAV decreased a total of 43.84%, this year's increase is a welcomed change.

Housing Market

There have been recent signs of potential improvement in the District's residential housing market. For the period October 2012 – September 2013, Zillow.com reported that home values in the Apache Junction market increased 21.4% (from \$112K to \$136K) whereas home values in Gold Canyon increased 2.9% (from \$241K to \$248K). The Arizona State University Center for Real Estate Theory and Practice reflects an overall increase of 16% in home values in the greater Phoenix housing market for the same period.

All of the home values indicated above reflect market values which serve as the foundation for full cash value (FCV) property tax valuations until FY2015/16, when the basis switches to limited property value (LPV) due to the passage of Proposition 117 (discussed below in the Legislative Changes section). At this time, definitive information on a comparison of FCV to LPV is not available.

Legislative Changes

Legislative changes continue to present a challenge for the District in maintaining sufficient tax revenue for growth. As a historical review, Arizona property receives two valuations: full cash value (FCV) and limited property value (LPV). The Arizona Constitution requires that the FCV of all property valued by the assessor be reflective of market value. Since the FCV fluctuates with the market, there is no limit on the amount it can increase each year. *Through tax year 2014, growth in the LPV is limited to the greater of 10% over the previous year or 25% of the difference between the current year's FCV and the previous year's LPV, with the stipulation that LPV cannot exceed FCV.*

Below is a brief summary of the significant legislative bills that impact the District's property tax revenue stream.

SB 1421. Passed in 2009, limits the increase in the tax levy for fire districts to be no more than 8% over the prior year's actual levy.

A.R.S. 48-807. Caps the maximum tax rate per \$100 of assessed property tax value at \$3.25.

House Bill 2001 (Jobs Bill), passed in 2011, reduced assessed valuation of class one commercial and centrally valued properties from 25% in 2006 to 18% by 2016, and reduced class two vacant land values by 1% a year through 2016.

Proposition 117. In the 2012 General election, voters passed Proposition 117 amending the Arizona Constitution by setting a limit on the annual percentage increase in property values used to determine property taxes to be no more than 5% above the previous year starting in tax year 2015, and *establishes a single LPV* as the basis for determining all property taxes on real property also starting in tax year 2015. Personal Property, other than mobile homes, will be computed at FCV.

Budget Revenue

The following table displays a ten-year tax revenue history including the five-year decline in the District's net assessed valuation (NAV). Table 1-1 also shows the District is anticipating FY 2014/15 Pinal County tax revenue of approximately \$10,663,659 generated at the tax levy rate of \$3.05 per hundred dollars of secondary assessed value and \$0.22 in required bond repayment.

Due to the lack of visibility regarding the impact of numerous highly variable factors impacting the housing market, including the impact of Proposition 117, a forecast for FY 2015/16 NAV, Tax Rate, and Tax Levy is not attempted at this time.

2015 / 2016	TBD	TBD	TBD	TBD	TBD

As Table 1-2 illustrates, the 2014/15 NAV increased for the first time in six years. The District relies almost entirely on tax revenue based on the NAV to fund its emergency medical, fire and social services for the community. A tax rate adjustment is required to accomplish the compensation and benefit initiatives needed for the District to reduce the gaps identified in the market analysis of peer fire organizations.

The following table illustrates the NAV of a residence valued at \$200,000 in 2007, the corresponding tax rate, and the estimated cost to a property owner since that time.

As Table 1-3 depicts, overall taxes paid by a property owner in the District declined significantly from 2008 to 2013. This year's Tax Rate increase of 3.39% (from \$2.95 to \$3.05) keeps the "out of pocket" costs to most homeowners 7.54% below 2008/2009 levels.

Fund Balance Policy

The District adopted the Fund Balance Policy 129.1 on June 15, 2011, that creates new classifications for fund balance based on a hierarchy of constraints placed on the use of financial resources. The new GASB fund classifications designate the level of authority and process necessary to use the funds. The name of the classifications from most restrictive to least restrictive are: non-spendable, restricted, committed, assigned, and unassigned.

Expenditure Overview – General Fund (100 Fund)

The expenditure side of the FY 2014/15 budget, most often referred to as the General Fund or the "Maintenance and Operating" (M&O) budget, was developed after reviewing the Fire District's strategic and operational plans, expenditures from the past year, and the expectations/requirements for the upcoming year. The expenditure budget provides support for multi-year programs and District operations expected to strengthen the community's fire, rescue, prevention, and emergency medical response capabilities. The Fire District's General Fund M&O budget is \$15,029,053 for FY 2014/15. This results in a balanced budget of General Fund revenues and expenditures as required by law.

The majority of the District's unassigned General M&O funds are allocated to support the labor costs associated with emergency service delivery to the community. The provision of high-quality emergency fire, medical, and technical rescue services is extremely labor-intensive. The Fire District's operational effectiveness is dependent upon an adequately staffed, well trained, and mission-ready workforce.

www.sfmd.az.gov

Human resource expenditures, expressed as “compensation and benefits” in the 2014/15 General Fund total \$10,828,933 (72%) and accounts for a majority of the District’s overall annual reoccurring operating expenditures. This year the District increased the Operating Expenditures budget by \$931,718 due to the market based compensation and benefit initiatives, and the addition of 5 new fire fighters necessary to replace retirements and maintain the leave pool to reduce overtime expenditures. The fiscal year 2014/15 budget authorizes a total of 98 full-time employees (FTE), a net increase of 3 FTE. The cost of the District’s overall health insurance coverage increased a modest 2.9% due to aggressive negotiating with Cigna, its medical insurance provider.

The Fire District has budgeted \$2,235,790 as “financial reserves” (14.9% of the General Fund budget, or approximately two months’ operating expenditures) due to cash-flow shortfalls resulting from bi-annual tax revenue receipts. It has been recommended by accounting professionals auditing the District’s financial status that the District allocates 15 - 25% of the budget in financial reserves. If revenues come in as expected, the financial reserves are simply moved forward into the next fiscal year budget and adjusted as necessary.

Capital Projects Fund Overview (200 Fund)

The Capital Projects Fund identifies items scheduled for purchase with a value of \$5,000 or more. These may be new or replacement items of significant value. A total of \$1,625,000 is allocated for capital projects during FY 2014/15. Some of these capital projects include the purchase of the following:

- Tactical tender (\$410,000)
- General purpose vehicles (\$229,000)
- Second (used) ambulance (\$75,000)
- Fire apparatus equipment (\$53,000)
- General building and security system improvements (\$66,000)
- Facility equipment (\$91,000)
- Replacement Self Contained Breathing Apparatus units (\$174,000)
- Various communications equipment (\$119,000)
- Computer equipment and software upgrades (\$265,000)
- Fire operations and training equipment (\$11,000)
- Emergency services medical equipment (\$132,000)

The financial resources in this fund play an important role for the District. A challenge fire agencies face nationwide is determining funding methods for major capital purchases needed to maintain the current level of services to the community. Obtaining the funds via voter approved bonds or from increased taxes is difficult. Adequate Capital Project funds can lessen the impact that expensive purchases have on the community (and on the budget), instead of asking the community to fund government obligation (GO) bonds and then pay back significant amounts in interest and principal repayment. A portion of the Capital Project Fund held in financial reserve in the budget is for future expenses. These “committed” financial reserve funds cannot be spent during the current fiscal year except by special Board action in the event of an emergency.

The Governing Board’s previous action to fund capital reserve accounts has proven to be a wise decision, and has effectively allowed the District to purchase large ticket items such as fire apparatus and innovative technologies with no adverse impact to the taxpayers or the fiscal year budget. It has also enabled the District to survive recent turbulent financial times. Moreover, these funds have prevented the need for the District to pursue additional GO bonds and incur debt in the form of principal and interest.

Bond Fund Overview (300 Fund)

The Fire District issued \$9.5 million dollars in debt in FY 2006/07 in the form of GO bonds. The issuance of this bond debt was voter approved in September 2006. The \$9.5 million in bonds is used to fund capital improvements including:

- Refinancing \$3.8M in short-term debt (**completed 2006/07**)
- Additional traffic preemption to supplement a federal grant (**completed 2007/08**)
- Four new fire apparatus (**completed FY 2007/08**)
- Increase service capacity at Fire Station 263 (**completed 2007/08**)
- Construction of Fire Station 265 in Gold Canyon (**completed 2011/12**)
- Construction of a fire training facility (**completed in 2013/14**)

The expenditure of the remaining \$2,914 of bond proceeds at the start of FY 2014/15 is anticipated for completion of aspects of the fire training facility.

Special Revenue and Donation Fund Overview (400 Fund)

The Special Revenue and Donation Fund contains a variety of special revenues that have been designated for “special” purchases during the current fiscal year. The proceeds in this fund come from donations, grants, and scholarships. This fund has most recently been used to purchase Automated External Defibrillators (AED) for placement in various locations around the community, LifePac 15 monitors / defibrillators, and includes a regional portable radio grant.

Debt Service Principal (500 Fund) and Debt Service Interest (600 Fund)

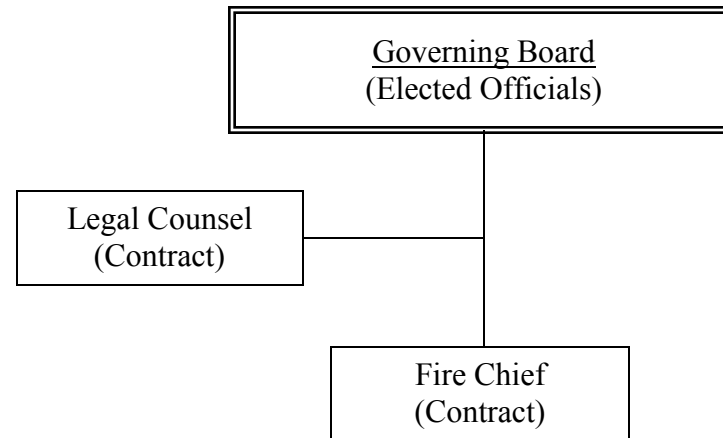

The District designates money in these two funds to pay the principal and interest on the \$9.5M GO bond purchased in 2006. The District has budgeted \$795,000 to be paid toward the principal and \$532,294 to be paid in interest payments on the bond loan during FY 2014/15. This accrues appropriate amounts for the July 1, 2014, and January 1, 2015 debt service payments, respectively.

Summary

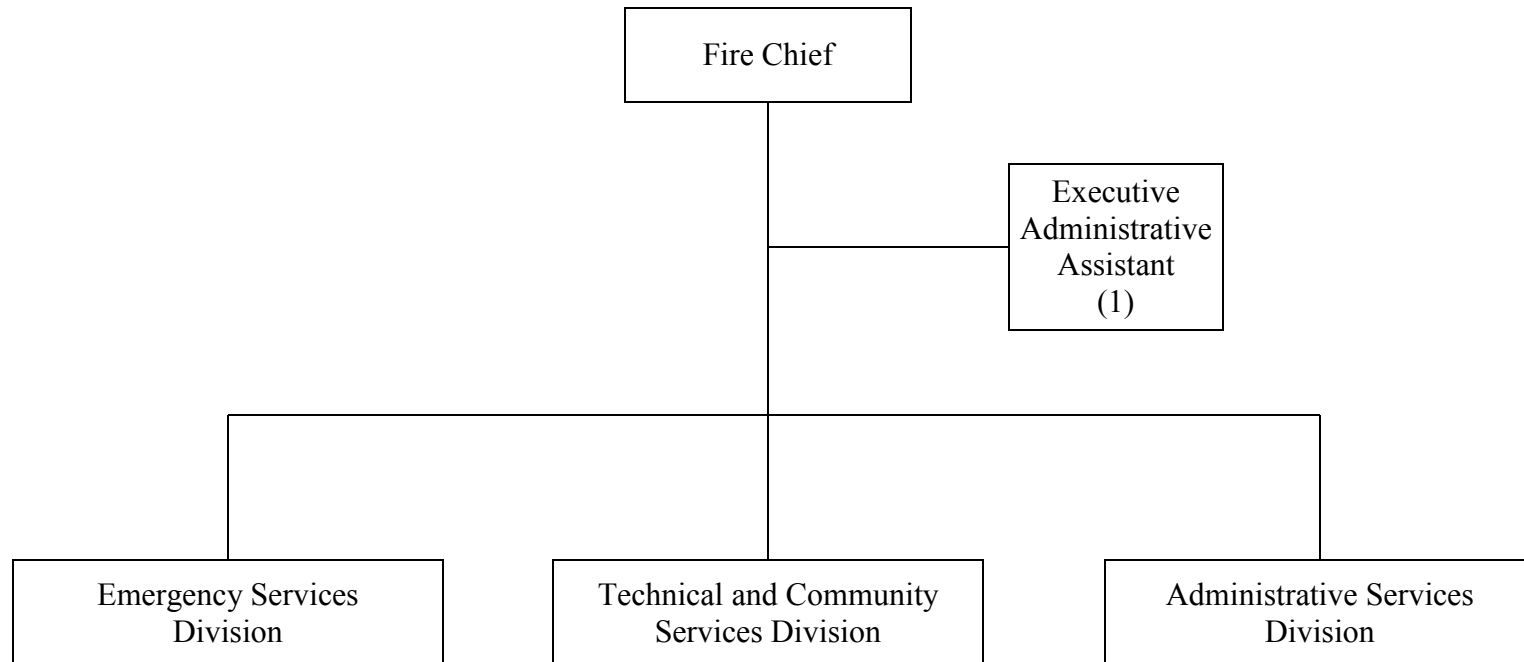

The Superstition Fire & Medical District is committed to providing the highest quality fire and emergency medical services to our community. The FY 2014/15 revenue and expenditure budget is a fiscally responsible budget intended to help support this mission.

UPDATE: The Governing Board authorized a tax rate of \$3.19 per \$100 of assessed value at the July 1, 2014, Board meeting. The additional \$0.14 above the \$3.05 tax rate needed to accomplish the initiative designed and presented by Staff is to be reserved for the sole purpose of saving for capital replacement initiatives in future fiscal years.
