

**Superstition Fire & Medical District
CONTRACTOR / INSTALLATION / SPECIALTY
PERMIT APPLICATION**

The Superstition Fire & Medical District Prevention Bureau coordinates the permit process, including plan review and subsequent inspections, to ensure fire code conformance. This Application or payment of fees should not be construed as permission to begin any process or construct any occupancy, until acceptance has been granted. All information on this application is considered public record.

Information requested below is required to secure a permit. Please fill out completely and check the permit type(s) on the second page of this application that are applicable to the project. This completed application is required to be submitted with project documents.

HOW TO SUBMIT:

Projects in Section I - Plans must be submitted directly to Stantec for review & approval. Upon completion, Stantec will forward the approved plans to our prevention bureau for inhouse review and permit processing. STANTEC FEES ARE SEPARATE AND INDEPENDENT FROM THE SFMD.

Please submit to Peggy Crowder at peggy.crowder@stantec.com, (480)-687-6012 or Todd Probasco at todd.probasco@stantec.com, (480) 687-6202.

Projects in Section II – Plans must be submitted directly to the Superstition Fire & Medical District Prevention Bureau at planreview@sfmd.az.gov, (480) 982-4440, Ext. 104.

SFMD Permit Type:**SFMD Required Fees:**

The fees noted on this schedule do not represent third party plan review fees; the research of alternative building methods or materials; and/or any other special events, procedures, or facilities, not specifically identified.
