**Agenda Item Title**
Review and approval of the August 2018 financial reports and bank reconciliations.

**Submitted By**
Finance Director Roger Wood

**Background/Discussion**
The District’s accounting department staff prepares the monthly financial reports. The District’s annual budget, which is adopted by the Board each June for the following fiscal year (July 1 – June 30), is formatted to mirror the monthly financial statements. The financial reports provide the Board with a monthly recap of expenditures and revenues, along with year-to-date account balance information.

In compliance with A.R.S. §48-807(O), the following reports have been added to the monthly financial statements packet:

1. **Cash Flow – All Governmental Funds.**
The Cash Flow report consists of the combined cash balances of all District Funds. These balances include the General (100), Transport Services (150), Capital Projects (200), Special Revenue (400), Debt Principal (500), and Debt Interest (600) Funds. The Cash Flow report is updated monthly with the actual revenues deposited into and actual expenditures disbursed from the District’s cash accounts. It is important to note the revenues and expenditures are reported on a Cash Basis. This report is generated to demonstrate that the fire District maintains sufficient cash available to satisfy the projected expenditures budgeted over the course of the fiscal year.

2. **Fund Account Bank Reconciliations.**
The reconciliation of each of the District’s Fund Cash Accounts (General (100), Transport Services (150), Capital Projects (200), Special Revenue (400), Debt Principal (500), and Debt Interest (600) Funds) between the Pinal County Treasurer’s monthly bank statement and the District’s Fund balance sheet report is provided. To signify Board approval of the monthly financial statements and bank reconciliations, the Board Chairman is requested to sign the attached Letter of Acceptance which will be kept on file at the District.

A.R.S. §38-431.01(H)
A public body may make an open call to the public during a public meeting, subject to reasonable time, place and manner restrictions, to allow individuals to address the public body on any issue within the jurisdiction of the public body.

At the conclusion of an open call to the public, individual members of the public body may respond to criticism made by those who have addressed the public body, may ask staff to review a matter or may ask that a matter be put on a future agenda.

However, members of the public body shall not discuss or take legal action on matters raised during an open call to the public unless the matters are properly noticed for discussion and legal action.

Background / Discussion
Call to the Public is provided so citizens may address the public body (Governing Board) with matters concerning the fire district. Arizona public meeting law provides that the public body may discuss, consider, or decide only matters listed on the agenda and other matters related thereto. Since the public body will generally not know what specific matters may be raised at call to the public, they will be unable to act until the matter is placed on a subsequent meeting agenda (at the Board’s discretion). The Board may also direct staff to follow up on the issue with the citizen.

Sick Leave (Revised April 2017)
Sick leave with pay is provided as a benefit in recognition that employees contract various illnesses from time-to-time and that their financial resources may be diminished in such instances if pay is discontinued. Moreover, coming to work sick may not be in the best interest of the employee or their fellow employees.

**Sick Leave Administration**

Sick leave will be granted to all full-time and part-time employees under the following conditions:

A. Earned paid sick time shall be provided to an employee by an employer for an employee's mental or physical illness, injury or health condition; an employee's need for medical diagnosis, care, or treatment of a mental or physical illness, injury or health condition; an employee's need for preventive medical care;

B. Care of a family member with a mental or physical illness, injury or health condition; care of a family member who needs medical diagnosis, care, or treatment of a mental or physical illness, injury or health condition; care of a family member who needs preventive medical care;

C. Due to domestic violence, sexual violence, abuse or stalking, provided the leave is to allow the employee to obtain for the employee or the employee's family member:
   1. Medical attention needed to recover from physical or psychological injury or disability caused by domestic violence, sexual violence, abuse or stalking;
   2. Services from a domestic violence or sexual violence program or victim services organization;
   3. Psychological or other counseling;
   4. Relocation or taking steps to secure an existing home due to the domestic violence, sexual violence, abuse or stalking; or
   5. Legal services, including but not limited to preparing for or participating in any civil or criminal legal proceeding related to or resulting from the domestic violence, sexual violence, abuse or stalking.

D. For purposes of this policy family member means:
   1. Regardless of age, a biological, adopted or foster child, stepchild or legal ward, a child of a domestic partner, a child to whom the employee stands in loco parentis, or an individual to whom the employee stood in loco parentis when the individual was a minor;
   2. A biological, foster, step parent or adoptive parent or legal guardian of an employee or an employee's spouse or domestic partner or a person who stood in loco parentis when the employee or employee's spouse or domestic partner was a minor child;
   3. A person to whom the employee is legally married under the laws of any state, or a domestic partner of an employee as registered under the laws of any state or political subdivision;
   4. A grandparent, grandchild or sibling (whether of a biological, foster, adoptive or step relationship) of the employee or the employee's spouse or domestic partner; or
   5. Any other individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship.

E. Any other reason authorized by Arizona law.

**Sick Leave Reporting and Documentation**
A. 56-hour employees will not be granted sick leave more than 24 hours prior to the start of a 24 hour shift.

B. 56-hour employees shall report sick leave in Telestaff no later than 0530 the morning of their shift. If the employee is unable to access Telestaff, the employee must contact the on-duty BC/BSO on the BC office phone at 480-982-1750 no later than 0530.

C. 40-hour employees shall notify their immediate supervisor no later than 30 minutes prior to work shift.

D. Sick employees are generally expected to remain at home unless they are hospitalized, visiting their doctor, or acting pursuant to a physician’s instructions for care. Employees are prohibited from engaging in any other employment while on sick leave.

E. A medical release from a licensed physician may be required for sick leave absences that exceed three (3) or more consecutive work/shift days. The work release must be submitted to the Assistant Chief of Administrative Services or designee prior to the employees return to work and shall include the nature of the illness or injury, any treatment involved, and if the employee is fit to return to duty.

F. The physician’s medical release must be approved by Assistant Chief of Administrative Services, or designee, before the employee may return to work. Medical expenses incurred for this visit are the responsibility of the employee.

G. New-hire probationary employees who must use sick leave anytime during their probationary year may be required to provide an explanation (of their reason for using sick leave) to their immediate supervisor in writing upon returning to work.

H. New employees (less than two years employment) who suffer an unforeseen catastrophic or otherwise debilitating illness or injury that requires extensive use of sick leave beyond that which the employee has accumulated may be eligible for an advance in sick leave. Eligible employees must request this benefit through their chain of command. Every effort will be made to provide a reasonable accommodation to employees and each request will be handled on a case-by-case basis.

I. The Fire District reserves the right to require a physician’s medical examination (at the Fire District’s expense) to confirm an employee’s illness/injury or their return to duty fitness. In order to be accountable for the health and welfare of all employees.

1. 40-hour employees expecting to be on sick leave in excess of two (2) working days must notify their immediate supervisor and provide an estimated return to work date.

2. 56-hour personnel expecting to be on sick leave in excess of two (2) 24-hour shifts must notify the on-duty BC or BSO on the battalion office phone, in addition to making the necessary changes in Telestaff.

Failure of the employee to follow the Sick Leave Reporting and Documentation procedure may result in the following:

A. First Offense

The employee will be considered absent without leave until he or she arrives at work. 56-hour employees will be assigned a “no pay” status in Telestaff for the period not worked until he or she arrives at work, up to a maximum of 24 hours.

56-hour employees who will potentially be absent without leave beyond the 24 hour maximum will be required to obtain an appropriate work-trade or submit for vacation leave to cover any remaining shift hours unless that person qualifies for sick leave in accordance
with this SOG.

40-hour employees will not be paid for absent time as FLSA non-exempt employees are only paid hours worked.

- First offense employees may also be placed in a corrective action plan, at management’s discretion.

B. Second Offense in a 36-month period

The employee will be considered absent without leave until he or she arrives at work. 56-hour employees will be assigned a “no pay” status in TelesStaff for the period not worked until he or she arrives at work, up to a maximum of 24 hours.

56-hour employees who will potentially be absent without leave beyond the 24 hour maximum will be required to obtain an appropriate work-trade or submit for vacation leave to cover any remaining shift hours unless that person qualifies for sick leave in accordance with this SOG.

40-hour employees will not be paid for absent time as FLSA non-exempt employees are only paid hours worked.

- The employee should also be subject to a written reprimand and/or progressive discipline when warranted.

C. Third Offense in a 36 month period

The employee will be considered absent without leave until he or she arrives at work. 56-hour employees will be assigned a “no pay” status in TelesStaff for the period not worked until he or she arrives at work. 40-hour employees will not be paid for absent time as FLSA non-exempt employees are only paid for their hours worked.

- Employees should also receive a written reprimand and one (24 hr.) shift / (10 hr.) day suspension without pay, to be served as soon as possible. Hours counted previously as “no-pay” will not count toward this requirement. Additionally, the employee should be placed on a one-year disciplinary probation and subject to a “last chance agreement” and may be required to provide a medical release from a physician prior to returning to duty.

D. Fourth Offense in a 36 month period

The employee will be considered absent without leave until he or she arrives at work. 56-hour employees will be assigned a “no pay” status in TelesStaff for the period not worked until he or she arrives at work. 40-hour employees will not be paid for absent time as FLSA non-exempt employees are only paid for their hours worked.

- An employee who violates this SOG a fourth time in a 36-month period will be placed on Administrative Leave with pay pending termination.

E. At the discretion of the Fire Chief, employees who exhibit a pervasive pattern of non-compliance with the Sick Leave Reporting and Documentation procedure that extends beyond the 36-month timeframe may also be considered a failure to adhere to the policy and therefore subject to any of the aforementioned consequences. Consideration should be given to the number, frequency and nature of the occurrences.

Sick Leave Abuse

The SFMD considers sick leave abuse to be a very serious situation/offense. Excessive sick leave use for example, may be indicative of serious underlying personal or emotional problems, requiring intervention from district leadership or trained peer support professionals. Other forms of sick leave
abuse have the potential to cause significant disruptions to District programs and operations and often result in elevated labor costs.

A. Supervisors are responsible for monitoring the sick time use of employees assigned to them on an on-going basis to ensure that each employee’s sick leave usage is within acceptable parameters.

B. Superstition Fire & Medical will periodically conduct a review of sick leave use for all district employees. Excessive or repetitive patterns of use (e.g. used on specific days of the week, sick leave used in combination with other days off, leave used prior to retirement, etc.) may be indications of abuse.

C. Supervisors who identify the existence of a pattern of sick leave use and/or the contention that the alleged pattern indicates abuse are expected to counsel their employee, and if necessary, refer the issue up the chain of command.

D. Where the Fire Chief, or other supervisor, alleges the existence of a pattern of sick leave use and/or the contention that the alleged pattern indicates abuse, such members may be required to participate in a sick leave use meeting.

1. 56-hour employees will meet with their direct supervisor and the Assistant Chief of Emergency Services, or Fire Chief’s designee.

2. 40-hour employees will meet with their direct supervisor and the Assistant Chief of Administrative Services, or Fire Chief’s designee.

E. The purpose of these meetings is essentially an employee “welfare check”, in other words, to better understand the conditions driving the excessive use of sick leave and to ensure the employee and/or their family are in an acceptable state of emotional and physical health. Moreover, this time may also be used to: educate employees regarding the proper use of sick leave; assist employees with applying for and using FMLA (when indicated); and educating the employee regarding potential consequences of continued episodes of excessive sick leave and/or sick leave abuse.

F. Because it is sometimes difficult to differentiate between appropriate use of sick leave and sick leave abuse, supervisors may be left to rely on their professional discretion or observations when making this determination. In other cases, metrics may be used to guide management in making the distinction between use and abuse. For instance, employees with greater than two (2) years of service that have a current sick leave balance less than twenty-five percent (25%) of their possible maximum, may be abusing sick leave and therefore required to participate in a sick leave use meeting.

G. Once a meeting has been held, if a justifiable reason for the sick leave balance is identified, the employee will not have to justify their sick leave use for that occurrence. However, if it is determined that the sick leave use was or may be considered sick leave abuse the employee may be placed on an Excessive Sick Leave Use Performance Improvement Plan (PIP).

H. Components of an Excessive Sick Leave Use Performance Improvement Plan may include: periodic meetings with the employee’s supervisor and/or members of the employees chain of command; requirement to provide medical release, for their supervisors review, from a physician for any or all uses of sick leave during the timeframe stated in the PIP; being precluded from receiving overtime.

I. Failure by a supervisor to adequately address the issue of excessive sick leave use with their employee shall be considered a failure to perform his/her supervisory duties.
J. Failure to adhere to the Performance Improvement Plan, further occurrences of abuse or egregious incidents of abuse may be grounds for discipline, up to and including termination.

**Duty to Act**

Any employee becoming aware or having knowledge of misuse of sick leave should notify their immediate supervisor immediately. Subsequently, any supervisor receiving notification of a potential SOG violation should immediately report the notification to their direct supervisor.

**Sick Leave Accumulation and Accrual** *(Updated November 2017)*

A. 40-hour civilian and public safety employees will earn sick leave at a rate of 4.64 hours per pay period.

B. 42-hour employees will earn sick leave at a rate of 4.87 hours per pay period.

C. 56-hour public safety employees will earn sick leave at a rate of 6.25 hours per pay period.

D. Effective July 1, 2017; Part-Time employees will accrue 1 hour of sick leave per each 30 hours worked.

E. During pay periods of uncompensated leave, such as no-pay situations, suspension or leave of absences, sick leave will not be accrued.

**Sick Leave Caps and Payouts**

A. The annual cap for accrued sick leave for 56-hour public safety employee’s hours is 1,460 hours.

B. The annual cap for accrued sick leave hours for 40-hour civilian and public safety employees is 1040 hours.

C. Annual board approved ELBO payouts for sick leave hours accrued over the established caps will be calculated at the employee’s current hourly rate as of June 15th each year. Payment of any approved ELBO will occur in the last paycheck of June each year.

D. Board approved ELBO payouts for accrued sick leave below the cap, as of the employees official retirement date, will be paid at 50% of the individual’s accrued total sick leave hours, with the employees hourly rate being calculated as the average hourly rate for the five years preceding the employees approved (official) retirement date.

E. Board approved ELBO payouts for accrued sick leave above the cap, as of the employees official retirement date, will be paid at 60% of the individual’s accrued total sick leave hours, with the employees hourly rate being calculated as the average hourly rate for the five years preceding the employees approved (official) retirement date.

F. Retirement is defined as retiring from PSPRS or ASRS.
G. No accrued sick leave will be paid upon resignation or termination.

**Leave Donation**

This SOG establishes a program for the donation of accrued leave to employees who, due to a serious illness or injury to self or immediate family have used all accrued paid time off, need further time off, and work in a full-time capacity.

A. An employee can submit a request in writing to his/her supervisor to be placed in the Leave Donation Program when the employee has less than 40 combined hours remaining in all paid time off categories. Requests must then be forwarded to the appropriate Assistant Chief.

B. Any SFMD Assistant Chief or designee may approve the employees request to participate in the Leave Donation Program for an employee with the employee’s verbal or written consent.

C. To qualify, employees must have an approved Family Medical Leave (FMLA) case, an FMLA case pending approval or other special medical circumstance.

D. If an FMLA case is denied the employee may, at the Fire Chief’s discretion, be removed from the Leave Donation program.

E. When a qualified SFMD employee has exhausted all other leave, members of the SFMD may transfer their personal vacation or sick leave hours to the requesting employee.

F. Upon approval, the Assistant Chief of Administrative Services or designee will notify the organization by email that an employee has qualified for donated leave.

G. Employees wishing to donate leave must notify the Assistant Chief of Administrative Services in writing to authorize the donation of leave hours.

H. No more than fifty percent of the donating employee’s leave may be gifted to another employee.

I. Eligible donations will remain confidential. However, a copy of the donor’s request will be placed in their employee file.

J. An employee may not donate leave time to their immediate supervisor unless special circumstances exist that may be considered and authorized by the Fire Chief or designee.

K. Donations will be made hour for hour. For example, one (1) hour of donated leave will be debited from the donors account and credited to the receiving employees leave bank. All donated leave will be given in one (1) hour increments.

L. Upon returning to work, any unused donated leave shall be credited back to the donating employee(s).

M. The Fire Chief or designee may make exceptions for employees who do not meet the written criteria for enrollment in the donated leave program. Exceptions will be issued in writing and signed by the Fire Chief or designee.

**Summary**

The SFMD is committed to providing a competitive employee benefit package and paid sick leave is an important component of that. SFMD encourages and supports the use of sick leave when it meets the spirit and intent of this SOG. It also offers a market competitive program that rewards employees who responsibly manage sick leave accruals throughout their career.

The misuse and abuse of sick leave, or any of its related programs, may have serious implications to both the employee and the organization. For example, misuse and abuse of sick leave may result in
depleted staffing levels, diminished productivity, significant overtime costs, reduced training capacity, as well as adverse personnel actions such as corrective-action and discipline.
Governing Board Meeting – September 19, 2018  
Agenda Item: #7  
BOD#: 2018-09-06

**Agenda Item Title**  
Discussion and possible approval of making Engine 263 a permanent Engine Company.

**Submitted By**  
Fire Chief Mike Farber

**Background/Discussion**  
The Engine 263 Pilot program was extremely successful in reducing response times by 39 seconds District wide. In addition, this unit was instrumental in vastly improving the District’s ability to meet the NFPA 1710 standards for emergency response and has led to a decrease in fire loss while improving survivability.

With the additional unit at Station 263 and the approval of the SAFER Grant for additional staffing, the District will request the Insurance Service Office (ISO) to re-evaluate SFMD’s Public Protection Classification (PPC) rating. With the increase in manpower and the improved NFPA compliance, the District should receive the PPC rating of a class two. A PPC class 2 rating would put the District in the top 3% in the country and reduce both commercial and residential property owner insurance premiums.

**Financial Impact(s)/Budget Line Item**  
The SAFER Grant should significantly reduce overtime and provide sustainability in the future.

Board Secretary Sherry Mueller was also present for the meeting.

1. Discussion and possible approval of the lease agreement with Apache Junction Unified School District. (BOD #2018-09-01)

Fire Chief Mike Farber discussed the amended lease agreement with Apache Junction Unified School District giving SFMD the ability to sublease the Regional Training Center (RTC) property. The AJUSD raised the rent from $18,000 per year to $36,000 per year, increasing each year by 5%. One of the provisions for subleasing is that they also want 30% of what SFMD receives from subleasing the property. Currently, the Arizona Department of Forestry is occupying some space at the Regional Training Center. Chief Farber would like to move all employees who are currently in the Administrative Building to the RTC.

Chief Farber will also explore the possibility to lease space to an Air Ambulance company that could be housed in the BC quarters. The BC quarters may possibly be moved to the Annex. SFMD is also interested in purchasing the RTC from AJUSD.

The new lease would start in September 2018 and go through June 30, 2022. The exit clause is 365 day notice for either party.

Director Cross had concerns that if AJUSD is making money from us on this lease, what is their incentive to actually sell the property to us? Director Cross would like to see an addendum to this lease agreement where some of the monies (30%) would go towards a lease-purchase of this property.
Director Cross wants us to have some serious discussions regarding a lease purchase of this property.

Director Moeller had concerns that they will want full value for the property.

Clerk Gehrt had concerns that there is no incentive to sell us the building. We are making all the repairs and they are making money on us so where is the incentive to sell? Clerk Gehrt said the solution may be to have a clause in this agreement where there is a drop-dead date as to when they have to sell us the property. Another concern is that they have new Board Members coming in that are already saying they want to keep those buildings.

Fire Chief Farber said he would draft an addendum to this agreement and send to our attorney for review. Then provide it to the SFMD Board Members. If the Board approves, he will provide the addendum to Apache Junction Unified School District to go along with this agreement.

**Motion** by Director Cross to approve the amended lease agreement between SFMD and Apache Junction Unified School District regarding the Regional Training Center (RTC).

**Seconded** by Director Strand.

4. **Adjourn** (BOD #2018-09-03)

**Motion** by Director Strand at 2:05 p.m. to adjourn the meeting. **Seconded** by Director Moeller and Clerk Gehrt.
