Alarm Item: 1
BOD#: 2015-08-01

Agenda Item Title:
Review and approval of the July 2015 financial reports and bank reconciliations.

Submitted By:
Fire Chief Paul Bourgeois

Background/Discussion:
Due to the conversion to the Tyler Integrated System, the July 2015 financial reports and bank reconciliations will not be available at the August 19th Board meeting. In order for the district to be in compliance with A.R.S. §48-807(O), the financial reports and bank reconciliations will be distributed to the Board, and placed on the District's webpage as soon as possible, on or before August 31.

*Please note, in order to meet requirements in ARS §48-807(O), the SFMD Fire Board will need to hold a Special Meeting on or before August 31, 2015 to approve July 2015 financial reports.

The district's accounting department staff prepares the monthly financial reports. The district's annual budget, which is adopted by the board each June for the following fiscal year (July 1 – June 30), is formatted to mirror the monthly financial statements. The financial reports provide the board with a monthly recap of expenditures and revenues, along with year-to-date account balance information.

In compliance with A.R.S. §48-807(O), the following reports have been added to the monthly financial statements packet:

1. Cash Flow – All Governmental Funds.
   The Cash Flow report consists of the combined cash balances of all District Funds. These balances include the General (100), Capital Projects (200), Bond Proceeds (300), Special Revenue (400), Debt Principal (500), and Debt Interest (600) Funds. The Cash Flow report is updated monthly with the actual revenues deposited into and actual expenditures disbursed from the district’s cash accounts. It is important to note the revenues and expenditures are reported on a Cash Basis. This report is generated to demonstrate that the fire district maintains sufficient cash available to satisfy the projected expenditures budgeted over the course of the fiscal year.

2. Fund Account Bank Reconciliations.
   The reconciliation of each of the district’s Fund Cash Accounts (General (100), Capital Projects (200), Bond Proceeds (300), Special Revenue (400), Debt Principal (500), and Debt Interest (600) Funds) between the Pinal County Treasurer’s monthly bank statement and the District’s Fund balance sheet report is provided. To signify board approval of the monthly financial statements and bank reconciliations, the Board Chairman is requested to sign the attached Letter of Acceptance which will be kept on file at the district.

Agenda Item: Call to the Public

A.R.S. §38-431.01(H):
A public body may make an open call to the public during a public meeting, subject to reasonable time, place and manner restrictions, to allow individuals to address the public body on any issue within the jurisdiction of the public body.

At the conclusion of an open call to the public, individual members of the public body may respond to criticism made by those who have addressed the public body, may ask staff to review a matter or may ask that a matter be put on a future agenda.

However, members of the public body shall not discuss or take legal action on matters raised during an open call to the public unless the matters are properly noticed for discussion and legal action.

Background / Discussion:
Call to the Public is provided so citizens may address the public body (Governing Board) with matters concerning the fire district. Arizona public meeting law provides that the public body may discuss, consider, or decide only matters listed on the agenda and other matters related thereto. Since the public body will generally not know what specific matters may be raised at call to the public, they will be unable to act until the matter is placed on a subsequent meeting agenda (at the board’s discretion). The board may also direct staff to follow up on the issue with the citizen.

Scheduled:

Agenda Item Title:
Consideration and possible approval of all consent agenda items as listed below:

a) Board Meeting Minutes from July 8, 2015 – Appendix A
b) Purchase of two (2) F150 trucks – Appendix B
c) Purchase of a 2016 Quantum Pierce Pumper – Appendix C
d) Purchase of fire hose and extrication equipment for 2016 Pierce Quantum Pumper – Appendix D
e) Disposition of surplus property to Tri-City Fire – Appendix E

Background/Discussion:
The consent agenda allows the Board of Directors (BOD) to consider contracts, purchases, and other routine administrative matters having authorized funding within the current fiscal year budget as a single decision. Items may be withdrawn from the consent agenda and discussed separately upon request by any member of the BOD or staff. Information for each consent agenda item and corresponding supporting document is within the packet.

Recommended Motion:
“Motion to approve the consent agenda items for August 19, 2015.”
Governing Board Meeting – August 19, 2015
Agenda Item: 5
BOD#: 2015-08-04

Agenda Item Title:
Discussion and approval to purchase related items to equip five (5) ambulances.

Submitted By:
Fire Chief Paul Bourgeois

Background/Discussion:
At the March 26, 2015 Special Board meeting, the Board approved the purchase of five (5) Horton ambulances at an estimated price of $1,024,696.00 (BOD #2015-03-11). At this same special board meeting, the Board approved the purchase of these ambulances through a 10-year capital lease from the financing firm Leasing2. The total amount financed through the capital lease was $1,491,000.00; the additional $466,304.00 over the estimated cost of the ambulances was designated for "big ticket" medical equipment needed to fully equip the 5 ambulances.

Since the March Board meeting, the true cost of the ambulances and big ticket medical equipment has been more clearly determined. To ensure compliance with the District’s Procurement Policy, Staff is providing the Board with a total view of the cost of all elements of the 5 fully equipped ambulances, and asking for authority to purchase all related items as outlined in the enclosed purchase orders.

*Note: The district has received a grant totaling $200,539.35 to off-set costs.

Financial Impact:
*Line Item 200-70-72240-20

If Customer is enjoined ("Enjoined") from using a Product related to an Infringement Claim, then CareFusion shall immediately use commercially reasonable efforts to resolve the Infringement Claim and, include replacing the Product with a substantially equivalent Product and/or modify the Product so that the Product's use is no longer Enjoined in a manner that does not substantially affect the performance of the Product. If Customer is Enjoined for a period exceeding sixty (60) consecutive days and, if CareFusion provides notice ("Elective Notice") to CareFusion while Customer is Enjoined, then, within fifteen (15) days after the Elecive Notice, CareFusion shall take possession of and title to the Product and shall pay Customer the amount of the net Purchase Price or net License Fee paid by Customer for the Product less 1/60th of that net Purchase Price or net License Fee for each calendar month that elapsed between the date the Product was delivered to Customer and the date of the Effective Notice.

(d) Exclusive Remedy. This Section 15 states Customer's exclusive remedy and CareFusion's total liability to Customer regarding an Infringement Claim.

16. Option to Modify. If CareFusion determines that a Product might infringe any United States patent, copyright, trade secret or other proprietary right of a third party, then CareFusion may, at its option, replace the Product with a substantially equivalent Product or modify the Product in a manner that does not adversely affect the performance or functionality of the Product.

17. Indemnification. Each Party ("Indemnifying Party") shall indemnify and defend the other Party (the "Indemnified Party") against any claims asserted against the Indemnified Party by a third party for losses, injuries, or damages caused by the Indemnifying Party's conduct. In addition, CareFusion shall indemnify and defend Customer against any claim asserted against Customer by a third party based upon a Product that has not been modified otherwise than by or on behalf of CareFusion.
18. Exclusion of Consequential Damages. NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY FOR INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, LOSS OF BUSINESS OR PROFITS. This Section shall not limit a Party's right to indemnification from the other Party pursuant to Sections 15 and 17.

19. Insurance. If any of the required policies are written on a claims-made basis, such policies will be maintained for a period of not less than three (3) years following the termination or expiration of this Agreement.

20. Default by Customer. If Customer (i) fails to pay any payment required by this Agreement within ten (10) days after Carefusion delivers notice to Customer that the payment is past due or (ii) fails to cure any other default of this Agreement within thirty (30) days after Carefusion delivers notice to Customer identifying the default, then Carefusion may by notice declare Customer to be in breach and may elect, to the extent permitted by applicable law and in addition to and without prejudice to any other remedy available at law or equity, cancel the then-remaning performance of this Agreement and/or repossess any Product for which Customer has paid Carefusion in full.

The prices under this Agreement may reflect "discounts or other reduction in price" as that term is used in the "safe harbor" regulations in the Medicare/Medicaid Anti-Kickback Statute, 42 C.F.R. § 1001.952(h). The parties hereto shall: (i) comply with all applicable laws and regulations relating to the accounting, application, and proper reporting of discounts and pricing under this Agreement, including but not limited to the requirements of the discount "safe harbor," enacted at 42 C.F.R. §1001.952(h); (ii) properly report and appropriately reflect all prices paid under this Agreement net of all discounts as required by applicable laws and regulations, including but not limited to on Medicare, Medicaid and state agency cost reports; and (iii) retain a copy of this Agreement and all other documentation regarding this Agreement, together with the invoices for purchase of products hereunder and shall permit representatives of the U.S. Department of Health & Human Services or any relevant state agency access to such records upon request.

If Carefusion pays a subcontractor more than $10,000 over a twelve (12) month period to perform any services in connection with this Agreement, then Carefusion shall obligate the subcontractor to permit Access to the Requesting Party.

No changes to this Agreement shall be effective unless in a writing signed by both Parties. Any terms of Customer's Vendor Policies that are in addition to or conflict with this Agreement shall have no force or effect.

28. Applicable Terms of GPO Agreement. If a Group Purchasing Organization agreement ("GPO Agreement") is applicable to a Quotation/Purchase Agreement ("QPA") as of the Effective Date of the QPA and if the GPO Agreement states that identified terms of the GPO Agreement are incorporated into the QPA related to that Product, then the identified terms of the GPO Agreement shall be incorporated into the QPA related to that Product and shall supersede any conflicting term or condition applicable to the QPA related to that Product.

Agenda Item Title:
Discussion and possible action concerning a request to extend the current TMMS building and lease with the Apache Junction Unified School District (AJUSD).

Submitted By:
Fire Chief Paul Bourgeois

Background/Discussion:
This item is for review and approval of a request to extend the lease and shared-use agreement with the Apache Junction Unified School District for a period of 60 days, until October 31, 2015, for the purpose of establishing a more comprehensive lease-purchase agreement for submittal to the AJUSD Superintendent, Dr. Chad Wilson on or before October 31, 2015.

In 2012, the SFMD began working with the AJUSD to accommodate use of certain areas of the vacant Thunder Mountain Middle School for the purpose of establishing a dedicated location for training needs. SFMD personnel worked with the school district and with their current renter at the time, Center-Stage Church, to find areas available for long term lease that could be renovated to house the training and EMS division.

In 2014, a nearly million dollar renovation was completed to approx. 20,000 square feet of the facility, and the SFMD Regional Training Center was established. Discussions have continued with the AJUSD about the long-term plan for the entire campus and how SFMD might expand there to meet our future training needs.

During recent discussions about the renewal of SFMD and the Center-Stage Church leases for another three year period, an opportunity was presented to the fire district to consider a lease-purchase arrangement with the AJUSD.

The 60-day extension being requested will allow a comprehensive lease purchase offer to be presented to the AJUSD for consideration of taking over full-tenancy of the campus and allow SFMD to pursue options for future expansion while preserving and protecting the investments already made to the facility.

If the AJUSD accepts this 60-Day extension request, they would also notify the Center-Stage Church of the cancellation of their lease. The Church would then begin to move their operations to another site. Currently the church and the AJUSD are in discussions about the church acquiring the newly vacated Superstition Mountain Elementary School buildings.

To accommodate this lease extension the AJUSD has asked SFMD to make whole the church’s lease payment until such time as a new lease-purchase agreement could be approved. This payment would be an additional $750 per month to our current payment of $750 per month.

RE: Lease and Shared-Use Agreement – Thunder Mountain Middle School

Dr. Wilson,

The Superstition Fire & Medical District (Tenant) is respectfully requesting a Sixty (60) day extension period of its current Lease Agreement for the property at 3700 E. 16th Ave, in Apache Junction. The current Lease Agreement is scheduled to be renewed on August 31, 2015. The Tenant requests to have the current contract remain in effect until October 31, 2015 for the purpose of composing a comprehensive Lease Purchase Proposal of the leased property. The Fire District will submit said Lease Purchase Proposal to the School District for consideration as soon as practically possible, but no later than October 31, 2015. For the period of August 31, 2015 through October 31, 2015, and for the subsequent period required for the Tenant and AJUSD to complete all due-diligence as related to the future Lease Purchase proposal, the current Lease and Shared-Use Agreement between the Apache Junction Unified School District #43 and the Superstition Fire & Medical District will be honored as written.

Furthermore, to address recent conversations regarding Superstition Fire & Medical District occupying the space currently leased by the Center-Stage Church (Church), in a sign of good faith, during the requested extension period, Superstition Fire & Medical District commits to paying the monthly lease rate for the space currently occupied by the Church after they vacate their current space. Superstition Fire & Medical District is not responsible for any rent that the Church may be in arrears upon their vacating the premises. Superstition Fire & Medical District intends to include the space currently occupied by the Church in the comprehensive Lease Purchase Proposal referenced above.

Thank you for your consideration in the matter.

Sincerely,

Paul Bourgeois
Fire Chief

c) Purchase of a 2016 Pierce Quantum Pumper

Submitted By:
Fire Chief Paul Bourgeois

Background / Discussion:
After researching several options, staff and the apparatus committee agreed that replacing the ladder that caught fire last fiscal year with a pumper, instead of another ladder truck is the best option for our district. A ladder truck is well over $1.5 million, this is the base price before equipment. Additionally, moving the platform that was purchased in 2012 to Station 264 will extend the life of the apparatus, allowing us to get the service life out of the apparatus that we need. The new Quantum Pumper will be housed out of Station 263.

The purchase of a 2016 Pierce Quantum Pumper is a budgeted capital expenditure in the approved 2015/2016 budget. The amount budgeted is an assumed lease payment for $88,063.11. Depending on the build time of the apparatus, this amount may not be expended this fiscal year and will be moved to the 2016/2017 capital budget.

Staff will bring a Lease Agreement that will not exceed the amount of $736,047.11 (before interest rate) to the September or October board meeting for board approval. The details including the amount and the interest rate are currently being negotiated. Approving the purchase of the 2016 Pierce Quantum Pumper will allow Fleet Supervisor Vaughn Croshaw to begin the ordering process, which will in turn start the build time. This will also allow for Finance Director Roger Wood to negotiate a lease purchase agreement that is in the best interest of the district.

Apparatus Price (includes $20,000 in unexpected expenses): $736,100.00
Discounts: ($56,322.00)
Arizona Sales Tax: $37,025.52
Phoenix Sales Tax: $17,851.59
Total Not to Exceed: $736,047.11

Financial Impact/Budget Line Item:
$736,047.11 / Line Item 200-70-72240-20

Staff Recommendation:
Staff recommends approval of the purchase of a 2016 Quantum Pierce Pumper and to have staff bring a leasing agreement to the board of directors in the next two months after negotiating in the best interest of the district.

**Terms:**

The unit would be ready for delivery from the factory within 8.5 to 10 months after contract execution.

The above pre-payment discount will be valid for 90 days.

An invoice will be provided 30 days prior to the chassis payment due date if elected.

If payment discount options are not elected standard payment terms will apply: Final payment will be due 30 days after the unit leaves the factory for delivery. If payment is not made at that time a late fee of 7.5% of the amount due will be charged per day for overdue payments beginning ten (10) days after the payment is due for the first 30 days at which time the late fee increases to 12% per day until the payment is received.

One (1) factory inspection trip for four (4) customer representatives is included. If additional trips are desired they can be added at a cost of $1,350.00 per traveler per trip.

A performance bond is included in the above pricing.

Transportation of the unit to be driven from the factory is included in the pricing. However, if we are unable to obtain necessary permits, due to the weight of the unit, and the unit must be transported on a flat bed, additional transportation charges will be the responsibility of the purchaser. We will provide pricing at that time if necessary.
Appendix D

d) Purchase of fire hose and extrication equipment for the 2016 Pierce Quantum Pumper

Submitted By:
Fire Chief Paul Bourgeois

Background / Discussion:
The fire hose and extrication equipment for the previously listed item (2016 Pierce Quantum Pumper) are budgeted items in the capital fund (200) of the approved 2015/2016 budget.

Also in the approved budget is an amount for $40,000.00 for scheduled replacement of extrication equipment on the ladder truck, which will be a reserve truck once the new pumper is in service. The $40,000 will not be expended, if the purchase of the pumper is approved and will in turn be a cost savings.

Financial Impact/Budget Line Item:
$73,313.25 / Line Item 200-70-72340-20

Staff Recommendation:
Staff recommends approval of the purchase of fire hose, tools, equipment, extrication equipment, and unexpected equipment (tax & shipping, etc.) for the previously listed 2016 Pierce Quantum Pumper, from L.N. Curtis & Sons with the state contracted pricing.

e) Approval of disposal of previously designated property by sale to the Tri-City Fire District

Submitted By:
Fire Chief Paul Bourgeois

Background / Discussion:
This item comes before the governing board for the approval to dispose of certain district equipment already designated as surplus property (BOD # 2014-11-03) and allow the district to dispose of said equipment through sale to the Tri-City Fire District. The fire district has a number of older MCT’s that have outlived their life cycle due to compatibility with our current CAD system. The units could be repurposed to a less stringent use within a closed communications system that does not have the same software and hardware compatibility requirements.

The equipment description is as follows:
- Panasonic Toughbook, Models CF28-30 – Serial numbers as follows: #71KSA72503, #71KSA72509, #71KSA72508, #71KSA72476, #71KSA72502, #71KSA72475, #2HKSB08904, #2HKSB08901, #2HKSB08932, #2HKSB08985, #2EKYB09458, #2EKYB05952, #2HKSB08555, #2EKYB04962, #2EKYB03895, #2HKSB08969, #2HKSB08886, #2DKSB01221

SFMD has been approached by the Tri-City Fire Chief in regards to acquiring these surplus items to assist them in maintaining an adequate emergency communications and mapping system. Tri-City Fire District does not have budgetary funds to acquire this type of equipment for their needs.

Staff has evaluated this equipment and estimated there would be little potential value for these units in the valley market. There is no potential use for any of the designated equipment by SFMD due to its being obsolete with our current dispatching system requirements.

This approval of designation of surplus property and direction for disposal complies with all State requirements of disposal of surplus property, and also complies with Volume X; Disposition of Surplus Property Policy, “In the event of a public safety or governmental agency has a need for SFMD’s surplus property, the BOD may consider the benefit to SFMD or an overall benefit to public safety for a direct sale of surplus property for a minimal value”, in this case the minimal value being $0. SFMD could be called on for mutual aid service in and around the Tri-City area, it would be beneficial to both parties for the sale of this surplus property at a minimal value of $0 to the Tri-City Fire District.

Staff Recommendation:
Staff recommends the disposal of said property to Tri-City Fire District

Chief Montgomery:

Tri-City Fire District realizes that, from a business standpoint, no resource is as important as our personnel. In an effort to ensure our first responders have every tactical advantage necessary to excel and operate safely within the fire service we have established the need to place computer systems within our fire apparatus.

Tri-City Fire District currently provides rescue services for more than 800 square miles within Arizona (including mutual and automatic aid agreements with collaborative departments). Prominent highways in the district include, State Highway 60 (56.5 miles), Arizona Highway 188, and Arizona Highway 77 (36 miles). As a career department Tri-City is composed of 22 career employees providing direct services to the community. As you can conclude, the Globe-Miami area is accompanied by a sundry of terrains that can make response a hindrance and safety a concern to rescue personnel and the patient.

Unfortunately, considering the bleak outlook of fire district economics, the ability of fire districts such as ours to get the tools necessary to help our first responders succeed has become a daunting task. Considering this we’re asking for assistance in donating your used vehicle-mount computers to Tri-City Fire District, in an effort to increase response efficiency and first responder safety. With Computer Aided Dispatching and mapping software in fire apparatus the responders possess a unique capability—time efficiency, which we all know can mean life or death in an emergent situation.

If you have any questions, please do not hesitate to contact me at (928) 812-1975.

Best Regards,

Nick Reno
Fire Chief
Tri-City Fire District
